### Message

I am glad to know that the Annual Report 2011-12 on the Member of Parliament Local Area Development Scheme (MPLADS) is being published by the Ministry of Statistics and Programme Implementation. The MPLAD Scheme uniquely assigns a role for Hon'ble Members of Parliament (MPs) to directly address the requisite infrastructure needs of the community they represent.

I am happy to note that the scheme over the years has successfully created durable community assets in the field of infrastructure development, education, drinking water, roads, health, sanitation, irrigation etc. It has been our continuous endeavour to bring pro-active policy initiatives to improve the implementation and widen the coverage and scope of the Scheme so that benefits of the Scheme reach the maximum number of people. One of the key initiatives recently taken is the development of a new integrated MPLADS system through National Informatics Centre Services Inc. (NICSI). This portal is now ready for test run. This new integrated system will enable macro and micro level monitoring of MPLADS funds release, works execution and expenditure incurred etc., on real time basis.

I wish to convey my sincere thanks to the MPs for their recommendations, suggestions and cooperation for the developmental works, without which it would not have been possible to implement the scheme successfully. I also appreciate the continuing efforts made by the District/State Administration and the entire team of the MPLADS Division in my Ministry for ensuring the implementation of the scheme in the desired manner. I hope the present Annual Report will be informative and useful to all.

(Srikant Kumar Jena)

## **MESSAGE**

I am happy that my Ministry is bringing out the Annual Report for the year 2011-12 on the Members of Parliament Local Area Development Scheme (MPLADS).

The MPLAD Scheme has been widely appreciated for benefitting the people of the country by creating durable assets based on locally felt needs. The performance of the MPLAD Scheme has been commendable, both on financial and on physical parameters. The Ministry of Statistics & Programme Implementation on its part continuously takes proactive policy initiatives for further improvements in the implementation of the Scheme.

The report for 2011-12 is the sixth report in a row. Publication of these reports has created an atmosphere of awareness and trust in the implementation of the Scheme among the Hon'ble Members of Parliament and the public at large.

I hope that this publication will be found useful and will be appreciated for its content and approach.

I also take this opportunity to compliment the District/State Administrations and all the staff and officers of MPLADS Division for putting their sincere efforts in making this scheme into a success.

Dated: 28/01/2014

  
(T. C. A. Anant)

# **PART-I**

## **BACKGROUND AND POLICY**

## PART - I

### Background and Policy

#### Background

- 1.1** The MPLAD Scheme was launched on 23<sup>rd</sup> December 1993, to provide a mechanism for the Members of Parliament to recommend works of developmental nature for creation of durable community assets and for provision of basic facilities including community infrastructure, based on locally felt needs.
- 1.1.2** The Scheme is governed by a set of Guidelines, which were first issued by the Ministry of Rural Development in February 1994. After the transfer of the Scheme to the Ministry of Statistics and Programme Implementation, revised Guidelines were issued in December 1994. The Guidelines were further revised in February 1997, September 1999, April 2002 and November 2005. The revision of Guidelines is based on the operational experience and the suggestions made by Hon'ble Members of Parliament, Rajya Sabha and Lok Sabha Committees on MPLADS, observations of the Comptroller and Auditor General of India, Programme Evaluation Organization of the Planning Commission and all stakeholders.
- 1.1.3** The annual allocation of the Members of Parliament under MPLADS has also increased over the years, as shown in Table 1.1

**Table 1.1**

#### Entitlement per annum

Year	₹(in crore)
1993 to 1994	0.05
1994-95 to 1997-98	1.00
1998-99 to 2011-12	2.00
2011-12 onwards	5.00

- 1.1.4** The Ministry of Statistics and Programme Implementation, as the Nodal Ministry, is responsible for policy formulation, release of funds and monitoring the implementation of the Scheme. A Department in each State/Union Territory (UT) is designated as the Nodal Department with the overall responsibility of supervision, monitoring and co-ordination of MPLADS implementation with the districts and other line departments. The Government of India liaises and coordinates with the State Nodal Departments on the MPLADS funds released to the District Authorities. The District Authorities report the status of MPLADS implementation to the Government of India and State Nodal Department. The District Authority implements the MPLADS works through

Local Self Governments and other Government agencies. In some cases, the District Authorities engage reputed Non-Government Organizations (NGOs) for execution of MPLADS works.

## 1.2 Salient features of the Scheme:

The basic objective of the Scheme is to enable MPs to recommend works of developmental nature with emphasis on the creation of durable community assets based on locally felt needs. However, various progressive initiatives have been incorporated from time to time more so in the latest Guidelines. The salient features of the scheme are delineated briefly below:-

- (i) MPLADS is a Plan Scheme fully funded by the Government of India under which funds are released in the form of Grants-in-aid directly to the District Authorities.
- (ii) Works, developmental in nature, based on locally felt needs and always available for the use of the public at large, are eligible under the scheme. Preference under the scheme is given to works relating to national priorities, such as provision of drinking water, public health, education, sanitation, roads, etc.
- (iii) The funds released under the Scheme are non-lapsable i.e. the entitlement of funds not released in a particular year is carried forward to the subsequent years, subject to eligibility. The annual entitlement per MP/Constituency at present is Rs. 5 crore.
- (iv) The Members of Parliament have a recommendatory role under the Scheme. They recommend their choice of works to the concerned District Authorities who implement these works by following the established procedures of the concerned State Government.
- (v) The District Authority is empowered to examine the eligibility of works, sanction funds and select the Implementing Agencies, prioritize works, supervise overall execution, and monitor the scheme at the ground level. The District Authorities get the works executed through the line departments, local self governments or other government agencies. In some cases, the District Authorities get the works executed through reputed Non Government Organizations.
- (vi) The Lok Sabha Members can recommend works in their respective constituencies. The elected members of the Rajya Sabha can recommend works anywhere in the State from which they are elected. Nominated Members of the Lok Sabha and Rajya Sabha may select works for implementation anywhere in the country.
- (vii) There is no limit for works to be executed by Government Agencies. However, there is a ceiling of Rs. 25 lakh for works meant for the life time of each Trust/Society. An MP can recommend funds only upto Rs. 50 lakhs in all in a financial year from MPLADS funds for works

to societies/trusts.

- (viii) MPLADS works can be implemented in areas affected by natural calamities like, floods, cyclone, hailstorm, avalanche, cloud burst, pest attack, landslides, tornado, earthquake, drought, Tsunami, fire, chemical, biological and radiological hazards, etc. MPs from the non affected areas of the state can also recommend permissible works upto a maximum of Rs.10 lakh per annum in the affected area(s) in that state.
- (ix) In the event of “Calamity of severe nature” (which is decided and declared by the Government of India) in any part of the country, an MP can recommend works up to a maximum of Rs. 50 lakh for the affected district. The funds in this regard will be released by the Nodal District Authority of the MP concerned to the District Authority of the affected district to execute permissible works.
- (x) In order to accord special attention to the development of areas inhabited by Scheduled Castes (SC) and Scheduled Tribes (ST), 15% of MPLADS funds are to be utilized for areas inhabited by SC population and 7.5% for areas inhabited by ST population. Ministry of Statistics and Programme Implementation has also decided :-
  - a) In case there is no sufficient tribal population in the constituency of the Lok Sabha Members of Parliament, they are permitted to recommend upto 7.5% of their annual entitlement earmarked for creation of community assets for the Scheduled Tribe areas, **in areas where such population is available outside their constituencies but within their state of election. The creation of community assets can be recommended only in the notified CD Blocks with more than 50% tribal population, and primarily for the benefit of the tribal people.**
  - b) In order to encourage Trusts/Societies to work for the betterment of the tribal people and provide a fillip to the developmental activities in the tribal areas, **the prescribed ceiling of Rs. 25 lakh stipulated for recommending public utility building assets for Trusts/Societies in para 3.21 of the Guidelines, is now increased by 50%, i.e. the new limit is Rs. 37.50 lakh instead of Rs. 25 lakh, under the following conditions :-**
    - i. **The additional fund of Rs. 12.50 lakh would be permitted only for undertaking community utility building works for primarily the benefit of tribal people exclusively in the notified tribal CD Blocks with more than 50% tribal population.**
    - ii. **The works undertaken and the beneficiary Trust/Society should otherwise satisfy all other conditions of the**

### **MPLADS Guidelines.**

- (xi) The District Authority shall identify the Implementing Agency through which the particular work recommended by an MP is to be executed.
- (xii) If an elected Member of Parliament finds the need, to contribute MPLADS funds, to a place outside that State/UT or outside the constituency within the state or both, the MP can recommend eligible works, under these Guidelines upto a maximum of Rs.10 lakh in a financial year. Such a gesture on the part of an MP will promote national unity, harmony, and fraternity among the people, at the grass root level.
- (xiii) All recommended eligible works should be sanctioned within 75 days from the date of receipt of the recommendation, after completing all formalities. The District Authority shall, however, inform MPs regarding rejection, if any, within 45 days from the date of receipt of recommendations, with reasons thereof.”
- (xiv) All recommendations received in the office of the District Authority till the last date of the term of the MP are to be executed, provided these are eligible and within the entitlement of MPLADS funds of the MP.
- (xv) The time frame for completion of works should be stipulated to the implementing agency and should not normally exceed one year.
- (xvi) Works once recommended by MPs, and sanctioned by District Authorities, can be cancelled if so desired by the MP, only if execution of work has not commenced and the cancellation does not lead to any contractual and financial liability/cost to the Government.
- (xvii) MPLAD Scheme can be converged with Central and State Government Schemes provided such works are eligible under MPLADS. Funds from local bodies can also be pooled for MPLADS works. MPLADS funds can also be recommended towards State Government share by MPs in a Centrally Sponsored Scheme being implemented in their constituencies, provided the works under the Centrally Sponsored Scheme are permissible under MPLADS. However, MPLADS funds cannot be used to substitute for public and community contribution in any Central/State Government Programme/Scheme, which includes a component of such contribution.

MPLADS funds can also be converged with MGNREGA Scheme of Ministry of Rural Development with the objective of creating more durable assets. MPs can now recommend under MPLADS, works from out of the shelf of MGNREGA projects approved by the Zilla Panchayat for the year when recommendation is being made, and should have been sanctioned by the District Programme Coordinator which constitutes the approved Annual Work Plan under MGNREGA of the district. As far as possible, the MPLADS Funds shall be used in respect of material component only.

(xviii) Community infrastructure and public utility buildings and works are permissible for a registered society/trust, provided :-

- The society/trust is engaged in social service/welfare activity and has been in existence for at least 3 years.
- It is a well established, public spirited, non-profit making entity, enjoying a good reputation in the area.
- It should undertake to operate and maintain the assets created under MPLADS.
- Not more than Rs. 25 lakh can be spent for one or more works of a particular society during the life time of such Society/Trust.
- The recommending MP or any of his family members (MP's spouse, parents, brothers, sisters, children, grand-children and their spouses and their in-laws), should not be President or Chairman or Member of the Management Committee or Trustee, of the Society/Trust.

(xix) For greater public awareness and transparency, the following provisions have been stipulated :-

- (a) A plaque for each work executed under MPLADS should carry the inscription 'Member of Parliament Local Area Development Scheme work' indicating the cost involved, commencement, completion and inauguration, date and the name of the MP sponsoring the project. **The plaque should be permanently erected at the work place.**
- (b) List of all completed and ongoing works with MPLADS funds should be displayed at the District Authority Office and posted on the website for information of the general public.
- (c) District Authorities are to provide information on any aspect of MPLAD Scheme, such as works recommended by MPs, works sanctioned/not sanctioned, cost of works sanctioned, implementing agencies, quality of work completed, etc., to the general public in the manner as required under the Right to Information Act, 2005, as the implementation of the scheme has been brought under the purview of the said Act.
- (d) There is a MPLADS website ([www.mplads.nic.in](http://www.mplads.nic.in)) where information on release of funds, details of works completed, under execution etc., are available. The District Authority is required to upload the work details on the website to make them available in the public domain.

### 1.3 Procedure for Release of funds:

The procedure for release of funds has been further streamlined from August 2011, which is as under:-

- i) The first instalment of Rs. 2.5 crore in respect of MPs at the time of constitution of Lok Sabha and election to the Rajya Sabha is released to the District Authority without the documents stipulated in para 4.3 of the MPLADS Guidelines.
- ii) The subsequent installment of the continuing members of Rajya Sabha and Lok Sabha will be released as per the eligibility criteria indicated in para 4.3 of the MPLADS Guidelines.
- iii) The first instalment of Rs. 2.5 crore will be released in the beginning of the financial year;
- iv) In the remaining years, the first instalment will be released in the beginning of the financial year subject to the condition that the second instalment of the previous year was released for the MP concerned and also subject to furnishing of the provisional Utilisation Certificate of previous year covering at least 80% of the expenditure of the first instalment of the previous year.
- v) The second installment of the MPLADS funds will be released subject to the fulfillment of the following eligibility criteria :-
  - (a) the unsanctioned balance amount available in the account of the District Authority after taking into account the cost of all the work sanctioned is less than Rs.1 crore;
  - (b) the unspent balance of fund of the MP concerned is less than Rs. 2.5 crore; and
  - (c) Utilization Certificate of the previous financial year and the Audit Certificate for the funds released for MP concerned in the year prior to the previous year have been furnished by District Authority (in format at Annexure (viii)&(ix) of the Guidelines respectively.

**The above stipulations will be calculated from the Monthly Progress Report for each sitting and former MP term-wise separately. The Monthly Progress Report is to be sent by the District Authorities in the format at Annexure VI.**

**Unsanctioned balance:**

It is the difference between the funds available in the district (i.e. the funds released by the Government of India plus the interest) and the total cost of works sanctioned. **The unsanctioned balance can also be negative, as cost of works sanctioned can exceed the available funds** (Eligible works upto the entitlement can be sanctioned, without waiting for the receipt of entire entitled fund).

**Unspent balance:**

It is the difference between the funds available in the district and the actual expenditure incurred. **The unspent balance can never be negative, as the expenditure incurred can never exceed the available funds.**

- vi) As the funds released to the District Authority by the Government of India

are non-lapsable, funds left unspent in the districts are carried forward for utilization in the subsequent years. **Funds received from the Government of India are deposited by the District Administration in nationalized banks, into the account opened for each MP.** Funds not released by the Government of India in a particular year are carried forward for release in subsequent years.

- vii) The entitlement of funds of an MP for a particular year is determined as under:

Period in the financial year as MP	Entitlement
Less than 3 months	Nil
Up to 9 months	50% of the annual allocation
More than 9 months	100% of the annual allocation

- viii) The balance of MPLADS funds (not committed for recommended works) left by a predecessor Lok Sabha MP is passed on to the successor Lok Sabha MP from the constituency. In the case of elected Rajya Sabha members, the balance of funds left in the nodal districts of the predecessor members in a particular state is equally distributed by the state government among the successor elected Rajya Sabha Members from that state. Likewise, in the case of nominated members of the Lok Sabha and Rajya Sabha, the balance of funds of former members is equally distributed among successor members.
- ix) The District Authorities can sanction works up to the entitlement of the MP for that year, even without physical availability of funds.
- x) The normal financial and audit procedures prevalent in the states in which the works are executed, apply with regard to the implementation of the works.
- xi) The District Authority and Implementing Agencies cannot levy any administrative charges, centage, pay salary, travel cost of any person, etc. for their services in respect of preparatory work, implementation and supervision of projects/works under MPLADS. The District Authority cannot charge any administrative expenses for the MPLADS works.
- xii) Part 6 of the Guidelines on MPLADS provide for detailed monitoring mechanism of the MPLAD Scheme. The roles of the Central Government, State Government, District Authorities and Implementing Agencies have been clearly demarcated.
- xiii) The role of the MPLADS Parliamentary Committee of the Lok Sabha and Rajya Sabha is to review periodically the performance and problems in the implementation of MPLAD Scheme. The Committee is also to advise the Ministry of Statistics and Programme Implementation on representations received from MPs.

- xiv) The role of the Central Government is to monitor the overall position of funds, expenditure, implementation, receipt of completion reports, etc. and bring out an annual report on the implementation of MPLADS.
- xv) The Central Government will provide financial assistance and training materials for conducting training of district officials on MPLADS, as and when these are organized by the State Governments.
- xvi) The role of the State/UT Governments is to coordinate with the Ministry for effective implementation of the Scheme.
- xvii) The role of the District Authority is to inspect and monitor the works regularly.
- xviii) The Implementing Agencies are to furnish physical and financial progress reports of each work to the District Authorities every month and also furnish completion certificates.

#### **1.4 Transparency and accountability:**

Greater transparency and accountability of Government functioning, including the schemes/initiatives run by the Government, are issues of paramount importance for any scheme. Strengthening financial discipline and enforcing greater transparency and accountability at the ground level, have been given utmost importance under the MPLAD Scheme. Measures that have been introduced in this regard are highlighted below:-

- i) In order to bring transparency and accountability at the ground level and to promote e-governance, software for monitoring MPLADS works was launched in November 2004. The software enables online monitoring of details of works and the analysis of this data is used to bring out various reports, once the data entry and uploading in respect of a constituency or a Rajya Sabha MP is completed. **So far, data has been uploaded as per the following details:-**
  - a) 355 Districts, consisting of 543 Constituencies in respect of Lok Sabha Members out of 434 Nodal Districts.
  - b) 95 districts in respect of Rajya Sabha Members out of 150 districts.
- ii) As per the provisions of the Right to Information Act, 2005 and the rules framed thereunder, all citizens have the right to information on any aspect of the MPLAD Scheme including works recommended/sanctioned/executed under it, cost of works sanctioned, implementing agencies, quality of works completed, user agencies, etc. The District Authorities are responsible for providing information to the public in the manner required under the Right to Information Act, 2005.
- iii) Under the guidelines, it has been stipulated that for all works executed under the scheme, a plaque (stone/metal) carrying the inscription 'Member of Parliament Local Area Development Scheme Works' indicating the cost involved, the commencement, completion and inauguration date and the name of the MP sponsoring the project, should be erected permanently.

- iv) The MPLADS guidelines stipulate that the list of all completed and ongoing works with MPLADS funds should be displayed at the District Authority Office and posted on the website for information of the general public.
- v) As per the Guidelines, there is a stipulated time limit of 75 days for consideration of sanction for a recommended work, and of 1 year for the completion of sanctioned work. In case of rejection of a work recommended by an MP, District Authority is to intimate to the Honourable MP within a period of 45 days with reasons thereof.
- vi) **MPLADS website ([www.mplads.nic.in](http://www.mplads.nic.in)) also contains detailed information on the scheme, including basic cumulative data, Guidelines, MPLADS Systems, etc.**

### **1.5 Reiteration of Certain Provisions of the Guidelines**

The following provisions of the Guidelines are reiterated in order to improve the implementation of the scheme:-

All District Authorities are:-

- (a) to invariably include the details of physical and financial position of Scheduled Castes and Scheduled Tribes in the MPR (Monthly Progress Report);
- (b) to invariably invite the Member of Parliament for the inaugural function of MPLADS works executed from their MPLADS funds;
- (c) to erect a plaque carrying the inscription 'Member of Parliament Local Area Development Scheme work', indicating the cost involved the commencement, completion, inauguration date and the name of the MP recommending the project.

# **PART-II**

## **NATIONAL IMPLEMENTATION STATUS**

## PART - II

### National implementation Status

#### 2.1 Release of funds

Under the MPLAD Scheme, the entitlement of installments of a particular year for a Lok Sabha Constituency is non-lapsable. The entitlement of funds of an MP for a particular year is determined as under:-

Period in the financial year as MP	Entitlement
Less than 3 months	Nil
UP to 9 months	50% of the annual allocation
More than 9 months	100% of the annual allocation

The release of MPLADS funds is made as per the provisions of para 4.1 to 4.3 of the extant guidelines.

The year-wise fund released under the scheme is furnished below:-

MPLADS Funds Released		(Rs. in Crore)
Year	Funds Released	Cumulative Release
1993-1994	37.80	37.80
1994-1995	771.00	808.80
1995-1996	763.00	1571.80
1996-1997	778.00	2349.80
1997-1998	488.00	2837.80
1998-1999	789.50	3627.30
1999-2000	1390.50	5017.80
2000-2001	2080.00	7097.80
2001-2002	1800.00	8897.80
2002-2003	1600.00	10497.80
2003-2004	1682.00	12179.80
2004-2005	1310.00	13489.80
2005-2006	1433.90	14923.70
2006-2007	1451.50	16375.20
2007-2008	1470.55	17845.75
2008-2009	1580.00	19425.75
2009-2010	1531.50	20957.25
2010-2011	1533.32	22490.57
<b>2011-2012</b>	<b>2507.68</b>	<b>24998.25</b>

## 2.2 Scheme Performance and Achievements

Under the MPLAD Scheme, the release of installments and their utilization is non-lapsable, i.e. the funds for a particular year can be released and also utilized in the same year or the subsequent year(s). The utilization of funds is the basic indicator of the performance and assumes paramount importance. The high utilization of funds is reflected by indicators such as percentage utilization over release. Similarly, the faster completion of works over the years is reflected by the percentage of works completed over works sanctioned by the district authorities.

The performance of the MPLAD Scheme has improved remarkably since 2004-05. These improvements are due to:-

- a) Proactive policy initiatives aimed towards greater financial discipline and proper utilization of funds
- b) Regular monitoring and reviews at Central/State/District levels
- c) Concerted thrust on transparency and accountability and wider dissemination of information.

The information on the works recommended, sanctioned, completed, utilization of funds etc. are compiled from the information on the progress of the scheme received from the districts through the Monthly Progress Reports, which provide the cumulative data in respect of the Lok Sabha constituencies and the Rajya Sabha MPs. The Monthly Progress Reports received from different districts all over the country are examined and the relevant cumulative information are entered in the MPLADS System.

The financial and physical performances compiled from the MPRs are as under:-

### 2.2.1 Cumulative Achievements (as on 31.03.2012)

- i. Rs. 24998.25 crore has been released under the Scheme, since inception.
- ii. As reported from the districts a cumulative expenditure of Rs. 22178.33 crore has been incurred, which reveals a high **percentage cumulative utilization over cumulative release of 24998.25. The utilization over release is 88.72%. This is commendable for a Scheme in which funds are non-lapsable.**

The percentage of cumulative utilization over cumulative release as on 31<sup>st</sup> March, since 2004 is given below:-

Year	31.03. 2004	31.03. 2005	31.03. 2006	31.03. 2007	31.03. 2008	31.03. 2009	31.03. 2010	31.3. 2011	31.3. 2012
Percentage	82.18	88.35	90.88	91.92	93.04	94.35	92.58	92.73	88.72

As reported from the districts, approximately 15.10 lakh works have been recommended, 13.32 lakh works have been sanctioned and 11.99 lakh works have been completed. The percentage of cumulative works completed to cumulative works sanctioned is as high as 90.01%

The percentage of cumulative works completed to cumulative works sanctioned since 31<sup>st</sup> March, 2004 is given below:-

Year	31.03. 2004	31.03. 2005	31.03. 2006	31.03. 2007	31.03. 2008	31.03. 2009	31.03. 2010	31.3. 2011	31.03. 2012
Percentage	80.14	87.37	89.15	90.35	90.77	90.53	91.46	91.33	90.01

### Achievements during 2011-12

- iii. **Rs. 2507.68 crore** has been **released** during the financial year.
- iv. As reported from the districts, **an expenditure of Rs.1870.32 crore was incurred.**
- v. The percentage utilization over release for the year was as high as 74.58% which is reasonable.

Year	2003- 04	2004-05	2005-06	2006-07	2007-08	2008-09	2009-10	2010-11	2011-12
Funds released (in crore)	1682	1310	1433.90	1451.50	1470.55	1580	1531.50	1533.32	2507.68
Expenditure incurred (in crore)	1736.68	1909.11	1643.97	1489.67	1551.26	1724.01	1073.98	1452.95	1870.32
Percentage utilization over release	103.25	145.73	114.65	102.63	105.49	109.11	70.13	94.76	74.58

## 2.3 Other Achievements

### 2.3.1 Tsunami Rehabilitation

On 26th December 2004, Tsunami waves triggered by an earthquake severely affected the eastern coastal region of India which mainly included Andhra Pradesh, Kerala, Tamil Nadu, Andaman & Nicobar Islands and Puducherry. The worst affected districts were: Nellore, Prakasam, Guntur, East Godavari, and

West Godavari, Krishna Districts of Andhra Pradesh, Kollam and Alappuzha of Kerala, Kanyakumari, Cuddalore, Nagapattinam, Ramanathapuram, Eernakulam, Kancheppura, and Villupuram of Tamil Nadu, A&N Islands, and Puducherry.

In the aftermath of this unprecedented Tsunami disaster, the Government relaxed the provision of the MPLADS Guidelines, so as to enable the Members of Parliament to recommend any amount out of their entitlement to help rehabilitation/reconstruction works in affected areas from their MPLADS funds, 207 Lok Sabha MPs and 167 Rajya Sabha MPs consented for Rs. 22.74 crore and Rs. 31.34 crore respectively for Tsunami relief, out of which Rs.21.89 crore was authorized by Lok Sabha Secretariat and Rs. 31.34 crore by the Rajya Sabha Secretariat.

Community infrastructural assets eligible under the MPLADS Guidelines, and approved by the Lok Sabha and Rajya Sabha Committees on MPLADS, such as schools, hospitals, public health centres, community halls, fisherman multipurpose halls, cyclone shelters, desalination plants, construction of old age homes, orphanage buildings, hostels, sanitary complexes, fish landing centres, library buildings, ambulances etc., were taken up for rehabilitation in the Tsunami affected States.

As on 31.03.2012, an expenditure of Rs.4900.21 lakh has been incurred on Tsunami Relief as per Tsunami Status Reports received from affected districts.

S. No.	State	Works				Expenditure	
		Authorised	Completed	On going	Yet not started/dropped	Estimated	Incurred
1	Andhra Pradesh	36	35	-	1	253.00	235.47
2	Kerala	6	3	3	-	273.00	156.85
3	Tamil Nadu	116	114	1	1	2122.00	1971.58
4	A&N Islands	18	16	2	-	2133.10	1993.91
5	Puducherry	11	11	-	-	542.50	542.40
Total		187	180	5	2	5323.60	4900.21

### 2.3.2 Rehabilitation works in Kosi Flood Affected Areas of Bihar

During August 2008 one of the worst and disastrous floods in the history of the Indian state of Bihar, occurred due to a breach in the Kosi embankment near Indo-Nepal border.

Rs. 22.05 crore has been contributed by 156 Lok Sabha MPs and Rs. 22.81 crore has been contributed by 173 Rajya Sabha MPs towards Bihar Flood Relief Works. The Ministry, in consultation with the MPLADS Committees of Parliament authorized construction of 35 Disaster-cum-Community Shelters costing Rs. 53.35 lakh per unit and 35 Cattle Shelter costing Rs.14.516 lakh per unit out of the MPLADS

funds.

Land for construction of disaster shelter and cattle shelters in many cases have been identified by the District Authority and further action in this regard is underway.

### **2.3.3 Rehabilitation works in Cyclone 'AILA' Affected Areas of West Bengal**

On May 25 2009, Cyclone AILA that originated over the Bay of Bengal caused havoc in many parts of West Bengal and Bangladesh. In West Bengal at least 5.1 million people were displaced, with more than one million people stranded in the Sundarban islands alone. West Bengal Government in co-operation with the Central Government took up the rescue and the rehabilitation program.

Cyclone AILA was declared by the Ministry of Home Affairs as 'Calamity of Severe Nature'. In response to an appeal by Shri Sriprakash Jaiswal, the then Hon'ble Minister of State (Independent Charge) in July 2009, 8 Lok Sabha and 12 Rajya Sabha MPs have contributed Rs.165 lakh & Rs.350 lakh respectively towards cyclone 'AILA' affected areas of West Bengal. The Ministry has distributed the consented amount for rehabilitation works recommended by the Government of West Bengal. As reported by Government of West Bengal, 51 works out of 81 in North 24 Parganas District and 17 works out of 73 works in South 24 Parganas District have been completed.

### **2.3.4 Rehabilitation work in Cloud Burst affected areas in Leh**

An unprecedented cloudburst hit Leh town of Jammu & Kashmir's Ladakh region on the 6th August 2010 triggering flash floods in the region and causing heavy damage to life and property. This Ministry had issued appeal to all the Hon'ble MP's to contribute money from their MPLADS fund for rehabilitation/reconstruction work in flood affected areas of Leh District. In response, Rajya Sabha and Lok Sabha MPs have contributed an amount of Rs. 958 lakhs.

Chief Secretary, J&K was requested to furnish proposals for eligible works to be carried out in Leh District for the total contributed amount of Rs. 958 lakh. The following proposals have been received totaling Rs.958 lakh:

1. Rs. 707 lakh - For construction of 'C' Block (Ground and part of first floor) of SNM Hospital, Leh and purchase of medical and mechanical equipment
2. Rs. 20 lakh - For rehabilitation/restoration of Micro Hydel Scheme, Hunder Nubra
3. Rs. 20 lakh - For procurement of portable ultra sound machine for SNM Hospital, Leh
4. Rs. 50 lakh - For procurement of medical equipments for SNM Hospital
5. Rs. 50 lakh - For construction of 14 meter clear span motorable steel

girder over Hunder Nallah

6. Rs. 51 lakh - For construction of CT Scan and MRI Block at SNM Hospital, Leh
7. Rs. 60 lakh - Construction of abutment and approaches for 60 ft. span Bally Bridge over Nimo Nallah at Nimo Drukpa Road.

Approval of Committees on MPLADS of Rajya Sabha and Lok Sabha has since been obtained and communicated to the State Government for undertaking the proposed rehabilitation works. Nodal Districts of the Hon'ble MPs have also been requested to transfer the committed funds to the D.C. Leh.

Consent of Rajya Sabha MPs for additional amount of Rs 60 Lakh has since been received and the State Govt. has been requested to send proposals for this amount Progress Report on reconstruction and rehabilitation works in the cloudburst affected area is awaited.

### **2.3.5 IT Initiatives including MPLADS Software**

As part of IT initiative, the Ministry has proposed single e-Portal which will be a role based CMS driven integrated web application for GOI Release, Expenditure incurred and Works recommended with a centralized database and the consolidated information will be available on the web portal on-line on real time basis. There will be a paradigm shift from heterogeneous environment to state-of-the-art technology with security features built-in and 24X7 availability

The e-Portal will serve web applications with built-in alert or triggering mechanism to keep informed the Members about their funds status on-line basis and taking appropriate action for their utilisation.

Application will establish Workflow system at Districts (Nodal Authorities) and integrated with the GOI Release System. On being updated regularly on real time basis, the sanction order and MPR can be generated automatically. This will further facilitate on-line availability of MPR and timely release of funds. This will also give the status of unutilised funds lying in the Nodal/ Implementing Districts and its timely utilisation.

Salient features of the proposed portal:

- A robust user friendly web application available 24X7 comply with user accessibility guidelines
- To provide an on-line 'always available' and efficient system for facilitating the implementation of MPLAD scheme.
- The solution will ensure Micro (works) and Macro (Release and Expenditure) level reporting and monitoring for timely utilisation of funds

- A single point of reference for all stake holders – Members, Districts, States, Ministry and Public
- The e-Portal will capture the total available balances in Nodal Districts and Implementing Districts, thus resulting in timely monitoring of funds lying unutilised in the districts.
- It would provide necessary alerts/ intimation with the help of e-mails on all-important milestones of any project such as project sanction, fund release etc.

All necessary reports required by any stakeholder will be made available. These reports would also help answer the queries related to parliament questions, RTI and general queries from the citizens

### **MPLADS Software**

The Software for monitoring MPLADS works was launched in November 2004 to enforce greater transparency and accountability in scheme implementation and promote e-governance. The MPLADS website [www.mplads.gov.in](http://www.mplads.gov.in) provides the following features:-

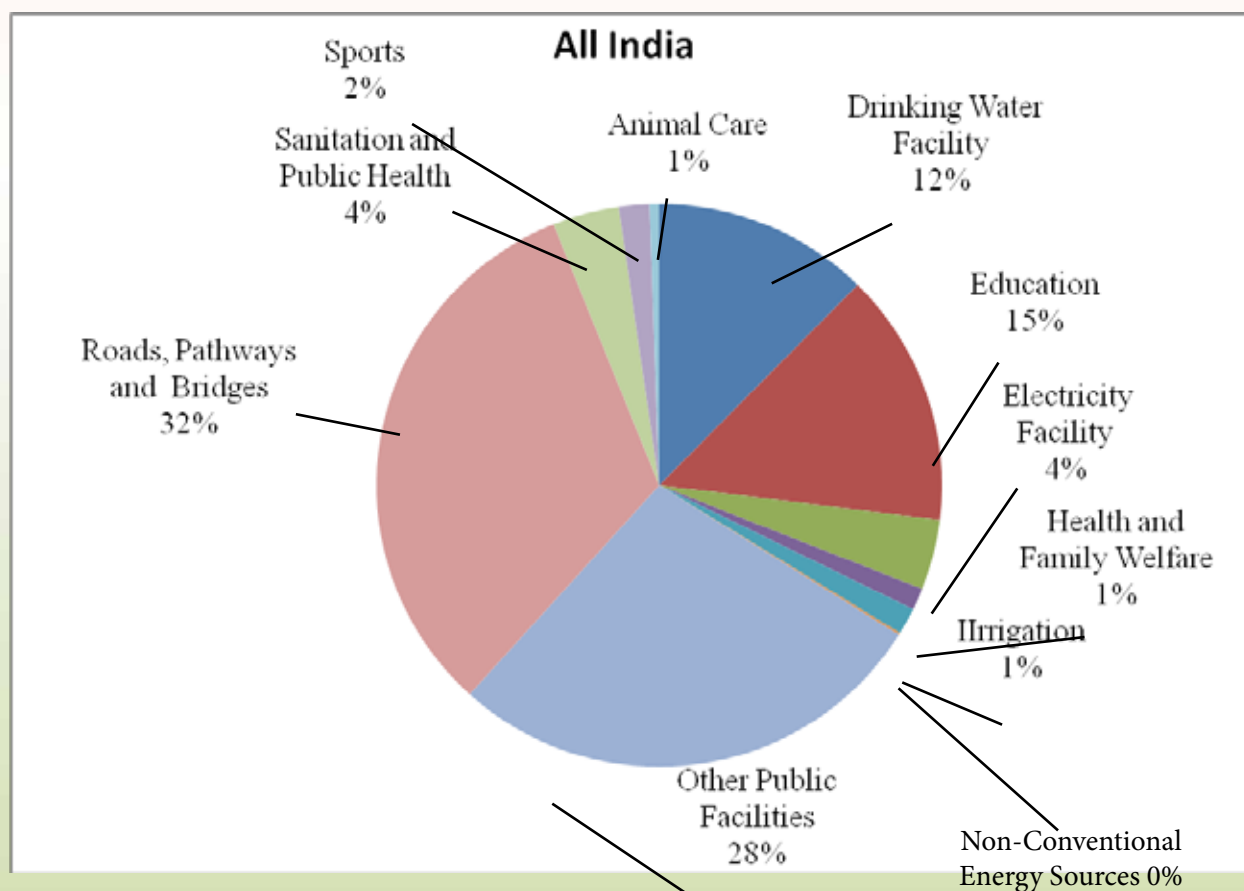

- The Scheme Guidelines and updates/ clarifications.
- District Authority Profile
- Works Monitoring System
- Online MPR System
- The fund release details and summary for financial year
- Expenditure details and summary for financial year
- Priority Sector Reports
- Annual Reports

In order to make the software fully functional and yield the desired results, data entry of all works sanctioned and completed are required to be uploaded by the district authorities. The Ministry has been repeatedly exhorting the states to ensure that data uploading is completed in the software. The state-wise status of the number of districts which uploaded the data for 15<sup>th</sup> Lok Sabha and Rajya Sabha may be seen at **Annexure-II**.

The sector-wise distribution of works under MPLADS, ascertained from the data so far uploaded on the software, which can be considered a sample of the total number of works sanctioned under the scheme is furnished below :-

<b>Sector wise Distribution of Works All Over India as on 31 March 2012</b>
---

Sl. No.	Sector	No. of Works Sanctioned	Cost of Works Sanctioned ( ` in lakh)
1	Drinking Water Facility	91017	93760.18
2	Education	107074	219375.59
3	Electricity Facility	29670	42104.99
4	Health and Family Welfare	9265	36693.31
5	Irrigation	11256	29012.34
6	Non-Conventional Energy Sources	894	1126.48
7	Other Public Facilities	204249	332312.68
8	Roads, Pathways and Bridges	236683	503803.13
9	Sanitation and Public Health	27941	50538.39
10	Sports	12829	22952.35
11	Animal Care	4029	4552.41
<b>Total :</b>		<b>734907</b>	<b>1336231.85</b>

### 2.3.6 All India Secretary level review meetings

During 2011-12, two review meetings under the Chairmanship of Hon'ble Minister of State (IC) for Statistics and Programme Implementation (MOS&PI) with Secretaries in charge of Nodal Departments for MPLADS of States/UTs have been held on 17.08.2011 and 06.02.2012 to review the implementation of MPLADS in the States/UTs.

### **2.3.7 Training of District Officials**

It is imperative that the officials at the implementation level are well versed with the MPLADS Guidelines and are able to correctly and scrupulously adhere to it for effective implementation of the Scheme. The Guidelines stipulated that the district officials concerned with MPLADS should be trained by the State Governments and the Central Government would provide all the required assistance for it. Accordingly, funds have been released to West Bengal and Kerala during 2011-12. Training programmes have been conducted in West Bengal, Kerala, Uttarakhand, Delhi, Chhattisgarh, Tamil Nadu and Jammu & Kashmir during 2011-12.

In addition to this, in order to create a pool of resource persons for respective States/UTs for conducting training on MPLADS on regular basis, Ministry has created 6 zonal venues in the states, West Bengal, Madhya Pradesh, Haryana, Maharashtra, Tamil Nadu, and Assam so as to cover all States/UTs. Funds have been sanctioned and the trainings have also been conducted in the states except Maharashtra during the year 2011-12.

# **PART-III**

## **STATE-WISE IMPLEMENTATION STATUS**

## PART - III

### STATEWISE PROGRESS

#### 3.1 ANDHRA PRADESH

Andhra Pradesh has 60 Members of Parliament. There are 42 Lok Sabha constituencies and 18 Rajya Sabha seats. During the financial year, 2011-12 Rs.240 crore has been released. As reported by the district, an expenditure of Rs. 173.11 crore has been incurred in the state upto 31.03.2012. The percentage utilization over release is 72.13%.

As reported upto 31.03.2012, 11458 works have been recommended by the MPs, 10616 works have been sanctioned by the District Authorities and 5986 works have been completed. The percentage of works completed to works sanctioned is 56.38%.

As per the Work Monitoring System of MPLADS website, Maximum works (32.00 %) have been sanctioned in Roads, Pathways and Bridges followed by (28.00 %) in Other Public Facilities and 20.00 % Drinking Water Facilities, whereas minimal percentage of works have been sanctioned in Non-Conventional Energy Sources and Sports.

The Constituency/MP wise details and Sector-wise distribution of works (Tabular/ Graphical) are available in attached tables.

## PHYSICAL AND FINANCIAL STATUS FOR THE YEAR 2011-2012 (Andhra Pradesh)

### 3.36 NOMINATED MPs

There are **14** Nominated MPs in the Parliament (**2** Nominated Lok Sabha MPs and **12** Nominated Rajya Sabha MPs). Nominated MPs can recommend works anywhere in the country and choose a nodal district anywhere in the country.

During the financial year, 2011-12 Rs. **31.00** crore has been released. Expenditure of Rs. **26.98** crore has been incurred upto 31.03.2012. The percentage utilization over release is **87.02%**.

During the year 2011-12, **718** works have been recommended by the MPs, **480** works have been sanctioned by the District Authorities and **472** works have been completed. The percentage of works completed to works sanctioned is **98.3%**.

As per the Work Monitoring System of MPLADS website, Maximum works (44.00%) have been sanctioned in Education followed by (24.00%) in Other Public Facilities and (13.00%) in Sanitation and Public Health whereas minimal percentage of works have been sanctioned in Sports and Irrigation.

The Constituency/MP wise details and Sector-wise distribution of works (Tabular/ Graphical) are available in attached tables.

# **PART-IV**

## **PHYSICAL MONITORING OF MPLADS ASETS**

## PART – IV

### PHYSICAL MONITORING OF MPLADS ASSETS

The need for a direct physical monitoring of MPLADS by Government of India and an independent feedback mechanism under the MPLAD Scheme of the implementation at the grassroots level has been pointed out by Programme Evaluation Organisation (PEO), Planning Commission and the CAG. In order to ameliorate this deficiency and provide for a mechanism to monitor the implementation at the grassroot level through an independent agency. The NABARD Consultancy Services (NABCONS) was assigned this important initiative in 2007-08. The physical monitoring envisages the study of works with a sample of about 50 MPLADS works in each district. The sample works are to be judicious blend of various parameters such as works of different years, works of different costs, works of Lok Sabha and Rajya Sabha MP(s), works of Societies/Trusts, works of different sectors, such as Drinking Water, Education, Electricity, Health, & Family Welfare & Irrigation etc.

So far, 208 districts of the country have been covered in four phases (Annexure-IV). In the first phase during 2007-08, 30 districts were covered, in the second phase in 2008-09, 43 districts were covered, in the third phase in 2009-10, 60 districts were covered and in the fourth phase 75 districts have been covered in 2010-11.

The NABCONS have mentioned that at the macro level, the achievement of the MPLAD Scheme appears incomparable with other schemes, it is the only scheme at all India Level, which focuses on decentralised approach to scheme implementation based on involvement of the local communities, groups, sections of peoples and individual's right at the grassroot level of identification of works/facilities required as per the "felt needs" and wish list of the local people.

In their overall assessment of the implementation of MPLAD Scheme in the 75 districts covered during the year 2010-11 in Phase-IV, the NABARD Consultancy Services has reported that :-

- The system of inspection of each work before release of the second installment and after completion of work on random basis by the District Authority is considered a good practice. The system of release of second installment only after obtaining the Utilisation Certificate **is also considered a good practice.**
- Most of the works were executed through tendering process and regular visit by Sub-engineer helped in timely completion of works.
- The estimates for the sample works were prepared by Implementing Agency to avoid any cost overrun and the works were executed as per technical estimates.
- The user community for MPLADS works was villagers, particular communities, hospital patients, and students. Satisfaction level of user agency has facilitated the successful implementation.

- Participatory planning through decentralization, currently in vogue in the state, had right blend with MPLADS.
- Visibility of PRIs like, Gram Panchayat has increased considerably in implementation process of MPLADS works.
- As an implementing agency and user agency, PRIs have acquired skills of implementation. The role of these PRIs has also considerably improved.
- Mobilizing the potential of PTAs for implementation, especially for works related to schools, colleges and educational institutions was a good practise. The user agencies, being direct beneficiaries, took active interest in completion of the work.
- Sector-wise distribution of works was largely as per the requirements of each sector, covering all the major sectors. All works selected under eligible categories of sectors are as per scheme guidelines.
- District Authority was releasing the money based on the assessment of the committee constituted for the purpose. The IAs were submitting the photographic evidence also for physical verification by the committee.
- As per assessment of user community, proper maintenance was being done representing wider cross section of sectors.
- Public Works Department had adopted standard technical design for additional class rooms for schools/colleges and construction of community centres with standardised unit costs. This enabled allocation of MPLADS funds to the actual extent of amount required.
- Most of the assets created under the scheme were properly used by the targeted end users.
- Most of the sample works were found to have positive impact on the socio-economic well being of the user communities. The community was very happy and perceives MPLADS works in a positive manner while using roads, schools, public toilet facilities & other works.

The Ministry has examined each and every report of the fourth phase and the shortcomings/lacunae found in the concerned districts have been communicated to the concerned District Authorities for necessary corrective action/rectification. In case of ineligible works and non-existing assets, the Ministry has requested the State/UTs Government and concerned District Authorities to recoup the funds, initiate suitable action against the officials concerned. In other cases, suitable rectification has also been suggested such as removal of encroachments, eviction of unauthorised occupants, restoring the assets to its intended use, adherence to the State procedure for the execution of MPLADS assets, regular conduct of Monthly Review meetings atleast once in each quarter), taking commitment from the user agency for maintenance, furnishing of Work Completion Report, UC/AC and unspent balance immediately after completion of work, erection of plaques in

all work sites, maintenance of relevant Registers/records etc.

## IMPACT OF THE SCHEME

The MPLAD Scheme envisages enabling representatives of the people to directly address the felt infrastructural needs of the people of the local area. The works recommended by the Members of Parliament are examined and the eligible works executed by the District Authorities. Since its inception, the Scheme has immensely benefited the local community through the creation of durable assets in various sectors such as drinking water supply, education, health & family welfare, electricity, community centres, roads, pathways and bridges, irrigation, non-conventional energy, bus stands/stops, etc.

2. During the year 2011-12, Rs. 2507.68 crore were released out of which an expenditure of Rs. 1870.32 crore was incurred, the percentage utilization over release being 94.75%, with 110139 works having been recommended by Hon'ble MPs, 89021 works were sanctioned and 56025 works were completed, costing Rs. 1870.32 crore. As per the work monitoring system, the maximum works sanctioned were in the area of roads, pathways and bridges (32%) followed by other public facilities (28%), education (15%) and drinking water facility (12%). Compared to preceding year, there has been an increase in the area of other public facilities and drinking water facilities, whereas there has been a decrease in the field of roads, pathways and bridges, and education. Based on the operational experience gained during the years, there has been improvements and improvisation derived by the District Authorities within the framework of the Guidelines for better implementation.

3. In a true sense, the impact has been felt on the social fabric of the community. Even NABCONS in their studies have found that the Scheme has left a mix of largely positive and a few negative aspects in the process of implementation. The best part is with regard to identification of works, which is in the true spirit of felt needs of the people. The overall impact on local economy and social dynamics of community life found to be generally positive. However, maintenance was an area of concern to a great level. The MPLAD Scheme enables representatives of the people to directly address the infrastructural needs of the people of the local area. Since the inception of the Scheme, it has immensely benefitted the local community through the creation of durable assets in various sectors; to mention a few priority areas such as drinking water, education, health and family welfare, power and electricity, roads and bridges, community shelters etc.

4. At the macro level, the achievements of the Scheme appear commendable as compared to other schemes mainly due to concentration on the decentralized approach and secondly the nature of the small works of very important nature required for the lifeline of community at large.

5. The Ministry is further processing the award of work of 3<sup>rd</sup> party physical monitoring to an independent institution (s)/organization(s) to cover 200 more districts.
